TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the Town of Fremont, in the County [L. S.] of Rockingham, in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at the Town House, in said Fremont, on Tuesday, the twelfth day of March next, at ten of the clock in the forenoon, to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To raise such sums of money as may be necessary for repairs of highways and bridges for the ensuing year, and appropriate the same.

4. To raise and appropriate such a sum of money as may be necessary for Memorial day.

5. To transact any other business that may legally come before the meeting.

Given under our hands and seal the twenty-third day of February, in the year of our Lord nineteen hundred and one.

ALDEN F. SANBORN,
WARREN TRUE,
ERNEST S. BEEDE,

Selectmen of Fremont.

REPORT OF SCHOOL BOARD.

It was the purpose of the School board in the spring to visit each school at the beginning and close of each term, so we would be able to report at the close of the year just the condition of the schools. We did so the first term and must say they were all very satisfactory. The teachers were all good, conscientious workers and tried to do their best.

Owing to severe illness in the family we were unable to visit all the schools in the fall and winter, but we believe the good work continued through the year.

Our schools were shortened a little this year by the full payment of a debt contracted last year. We hope next year we may have thirty weeks of schooling, and that the parents will see that their children are in the schoolroom every day, so they may get the benefit of all the money expended.

EMMA G. SLEEPER,
Chairman.

REPORT OF SUPERINTENDENT.

To the School Board and Citizens of Fremont:

I do not feel that I can make much of a report concerning your schools, thus early, for my term of service began so recently that I have been unable to learn the condition of the schools or the work being done.

I have thought, however, that it would not be out of place for me to give expression to a few thoughts that have been suggested as I have had opportunity to study the condition.

It is gratifying, indeed, to note the interest manifested in our school work by all with whom I have come in contact. It is a fact which you well appreciate, I feel sure, that our "public schools" are of *greatest* importance. There is no enterprise in our town (or in any town) that deserves the hearty support and sympathy of our citizens so much as the training and education of our children and young people. This being true, the question arises, are we doing all that we ought to, and all that our children are entitled to in Fremont?

It is evident that you have been putting faithful effort into the management of your school affairs. Your school buildings show faithful attention. Your choice of text-books has been wisely made, and in the selection and pay of your teachers I believe that you have made no mistake. While these favorable conditions are true and gratifying, I do not wish to imply that we ought to feel satisfied with present attainments. There are many ways in which our schools can be improved.

The most pressing need that presents itself to me is the lengthening of the school year. There should be three terms of at least ten weeks each, in every district.

Why should not Fremont provide as good school facilities as our neighboring towns?

We must all agree that *our* children are just as *good* as other children, and should be provided with the means for an education without going to other towns for further schooling.

I feel sure if this matter was looked at in the right light, and duly considered, money would be appropriated to enable our school board to make the school year at least thirty weeks.

Again, I believe much of the energy of both teacher and pupil is wasted because not well directed; there should be a well arranged course of study adopted, and as soon as possible each child should be assigned to his proper grade. An outline of work in each study for each year, covering a period of nine years, would systematize the school work to the advantage of both teacher and pupils, and place our schools on a footing to compare favorably with the best country schools of the state.

I wish to express my appreciation of the cordial way you have welcomed me to Fremont, both officially and socially. I sincerely hope that our relations may be as congenial for the remainder of my term of office.

Respectfully submitted,

EDGAR E. HULSE,

Superintendent of Schools.
